Governance and Administration Report– Gary Sanchez

Carla Ruigh is leaving the council. She has been a vital member of the council and board. She has been instrumental in our accounting transition and worked very hard to create a new metrics database. The entire council wants to thank her for her service.

Gary wants to direct the council to the important topic of evacuation preparedness. Perhaps we can incorporate this into the CWPP annexes. We also should consider this area when we are making donation requests. When planning evacuation workshops please notify local fire jurisdictions prior to the meeting.

Board and Advisors' Report – Chief Orre

The CWPP is being updated after the Loma fire. This will get pushed forward in the coming months. Chief Justice has the GIS files and Chief Orre is working on mapping.

SRA grants are coming back with AB 32 funding. This grant cycle concept application is due Feb 28.

Executive Director Report – Patty Ciesla

There are many projects in various stages from planning to completion throughout the county. Patty is working to hire the positions that will help us complete all the work we have to do.

Activities reports – Reports were distributed with the meeting packet.

Carla Ruigh – The Accounting system is going very well, we are making final adjustments. The database development is also going very well. The program is in the cloud and should be running very soon.

Eugenia Rendler - Evacuation workshops are coming up and have been added to the calendar.

Round Robin –

Jim Wollbrinck – San Jose Water Co. is very active with post fire response. They have been working on recovery and storm water runoff. As water needs to be distributed to handle increased demands for firefighting, it's important to include the water co. folks, to respond to fire suppression water supply demands and possible power outage issues. Jim is working on a preseason meeting to prepare for such issues in April or May.

Alan Bicho – NFPA competition kicks off and goes through March second, please vote. They are still getting very positive feedback from the evacuation workshops.

Jared Bond – Has filed the BAAQMD paperwork for the Charcoal Road project and will be working with us on future projects.

Dave Frasier – Holiday Lake Estates board member that is very interested in working with us to support his community.

John DeLong – January 19th South Skyline association will hold a SSFSC sponsored event focused on the Bear Fire discussion at the Saratoga Summit Fire station.
